

The Source

Australian Bullion Company

It all begins at The Source

Australian Bullion Company is the source for all things gold, silver, platinum and palladium.

We have been at the forefront of the retail investment market for precious metals and gemstones, whilst being a leader in jewellery and corporate promotions for the last 30 years.

Established in 1974, originally for the purpose of trading gold and silver bullion, our highly successful operation evolved quickly. As our clients' needs grew, so did the scope of our business.

Today, we offer a wide range of precious metal products, including jewellery and precious stones, as well as platinum and palladium investment products.

Our principles of trading cover all areas of our business, allowing us to offer the finest quality products at very competitive prices. And the highly trained staff at Australian Bullion Company are here to provide you with the best service and advice, whatever your needs.

You'll find us in the heart of the city at Suite 30, Level 6, 88 Pitt Street Sydney.

What we will always do:

-  We will always strive to satisfy every customer, no matter what their needs
-  We will always offer value for money
-  We will always offer service second to none
-  We will always offer unsurpassed quality in all of our products and services

The Source of creative promotions

Australian Bullion Company has 20 years experience in precious metal and gemstone promotions.

Over the years, we have produced coins, medallions, bars, tokens and other commemorative pieces for corporations, companies, associations and private clients.

We produce stunning precious metal and gemstone products – whatever the reason or occasion. Perhaps you're holding a competition. Wouldn't your winners love to receive a big prize of precious metal? They could invest it or immediately convert it to cash. Bullion can also be used as a gift to another organisation; a reward to executives for their achievements; for Christmas bonuses or retirement.

You can also choose from sovereigns, gold chains, jewellery for men and women - either as solid gold or combined with precious stones. Gold and gems can provide a dazzling display to tempt almost anyone and prizes can start from as little as \$20!

Whatever your needs, nothing can surpass the significance and sense of occasion of a coin or medallion struck to your own unique requirements. We would love to discuss your ideas with you or work in conjunction with your marketing department or advertising agency.

Let our creativity help you to create a truly memorable promotion.

Precious metal is our business

At Australian Bullion Company, we specialise in gold and silver bars and precious metal coins. All of our gold is 99.99% pure and is equivalent in purity to the most refined gold bars in the world. Our silver is 99.98% pure.

Our competitive price structure for the sale and purchase of precious metals is matched by our intimate knowledge of the market. Our on the spot appraisal of essential information allows our customers to reap the benefits of trading in the investment market.

We buy and sell large volumes of precious metal coins. These include Krugerrands, sovereigns and Canadian maple leaves, plus Australian nugget (kangaroo) and silver kookaburra coins. We are primary distributors of the Perth Mint and the Royal Australian Mint coins, allowing us to secure allocations at discounted prices.

Australian Bullion Company offers the best possible service and prices to allow our customers to make the most informed investment decisions.

Open an account with us

An Australian Bullion Company precious metal account offers you privileged prices along with the flexibility of buying and selling through us. We'll store and insure your gold, silver, platinum or palladium, free of charge, and as every account is backed by physical bullion, you can rest assured that your precious metal is safe and secure.

Opening an account is simple. Much like the purchase of metal for delivery, it's easy to operate as well as liquidate.

Firstly, fill out an application form, providing 100 points of identification. Once your account is open you can buy or sell over the phone or by visiting us. As soon as the verbal order is placed it becomes a legally binding contract. We then issue you an invoice and process your order. When buying, payment must be made on the day of the order. After any transactions occur, we'll mail you an update of your account. Selling is just as easy. Call us and we can lock in a price. Once the re-sale form is signed we can deposit funds into your account within 24 hours. If you wish to take physical delivery of your metal, a small barring fee will be charged, dependent on the size of the bars.

Any questions? Please call Monika Mooney or Janie Simpson on 02 9231 4511.

Jewellery is also our specialty

Australian Bullion Company's motto is quality, craftsmanship and value for money.

We offer a broad range of beautiful jewellery in different ranges of gold, diamonds and gemstones. Each piece is selected with the utmost care to meet our rigorous standards. Our master jewellers use traditional techniques to handcraft the finest quality settings and finishes. For special commission jewellery, let our highly trained designers create a timeless piece for you or someone you love.

You'll find a wide variety of elegant jewellery on display in our secure private showroom – unique, classic pieces that are made by us or imported from limited edition collections. Prices start from approximately \$150.

Australian Bullion Company specialises in:

- 📷 18ct & 9ct Italian and hand-made chains, bracelets, earrings & charms
